

A Shared Commitment to Collaboration Supporting Neighbourhood and Community Centres in NSW

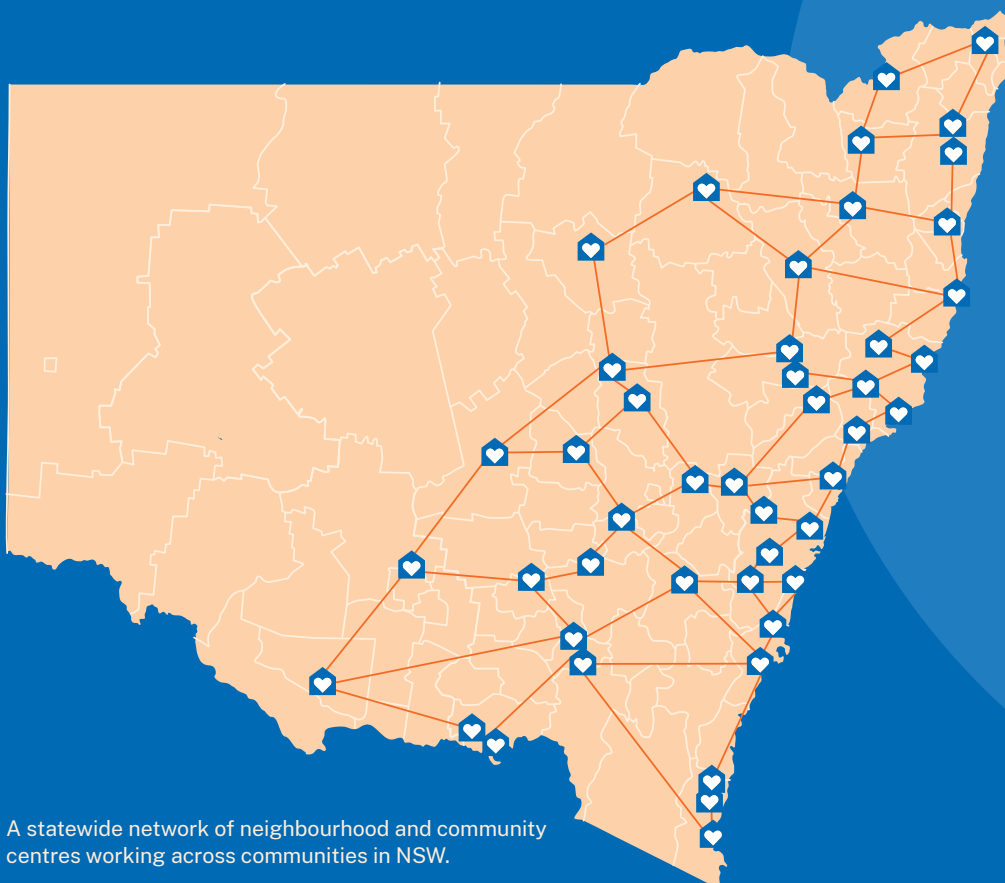

We have a shared
vision to recognise
the value of
Neighbourhood and
Community Centres
across NSW.

They keep us connected,
help us participate in our
community and provide
support when needed.

And they build
and strengthen
communities.

Together, the Local Community Services Association and Department of Communities and Justice are strengthening our partnership. We want to support the work of neighbourhood and community centres and help the sector grow.
